Cadbury Dines Out for a Cause

CELEBRATION! a word often associated with July, truly applies to the Foundation this month. The Cadbury at Lewes Development Committee's first *CADBURY Dines Out For a Cause* was a huge success. The goal was to have 50 guests gather at **Fish On! Restaurant** to support the Patio Fund for CAL Health Center. **We had 101 guests!** We were particularly delighted that **Megan Nessel**, Sr. Dir. of Human Resources, and **Valerie Bird**, Executive Assistant, both of Cherry Hill, drove down to lend their support and join the fun. Resident and committee member, **Bill Gehron**, did an outstanding job as the host for the evening. Everyone enjoyed good food, good drink and fantastic company! As a result, Fish On! presented a check for \$300 to the Foundation. Combined with direct donations, we raised \$470 toward our goal from this event. These monies, along with the \$3,500 already generously donated by residents, staff, families and friends, were keeping us headed toward our \$7,000 goal. *But, it gets better...*

Patio Funds Reaches Goal

Directly following this delightful community event, we received a contribution for \$4,000 to the Patio Fund. **We reached our goal!** This generous gift will allow us to move forward immediately with this project. Tables, chairs and umbrellas are on order. This outdoor, handicap accessible furniture will allow our health care residents to enjoy a garden oasis in which to dine or visit with family and friends. Cherry Hill Health Center Renovations

More good news came in the form of a grant! The Cherry Hill Health Center is known for its high quality of care, but the physical structure is in need of renovations. One of the major concerns is flooring. How important is flooring? Malkin, a leader in Environmental Healing, maintains there is no doubt that the quality of the environment can enhance or deter healing. Our experience in our living and working space is affected by our surroundings thus influencing our attitudes, values and intentions. Therefore, the support of the Anna T. and Joseph Jeanes Granting Group, of the Philadelphia Yearly Meeting, in the amount of \$27,000 is a vital step in creating a "healing environment" for residents and staff in Cherry Hill. We gratefully acknowledge their continued help.

Thank you for making a difference,
D. Lynette Palen
Executive Director of Development

With a generous donation of \$4,000, the Cadbury Foundation at Lewes reached its goal of \$7,000 to provide a garden oasis for health care residents.
